BRENNTAG SPECIALTIES EUROPE

Brenntag Specialties Europe is committed to a collaborative European culture whereby our extensive and market-dedicated experts work in partnership with our customers and suppliers to generate mutually profitable growth.

Brenntag Specialties Europe is passionate about meeting the expectations of its business partners, and about further contributing to Brenntag's success story. As a means of achievement, Brenntag Specialties Europe bundles pan-European cooperation and specialised technology into a flexible, secure and effective way of developing innovative products.

The Brenntag Specialties Europe Team has emerged to become the partner of choice in specialty distribution within the European Economic Area. Our strategic industry-focused Development Panels, currently covering eight sectors, are essential to the delivery of effective and successful cooperation throughout Europe: ACES (Adhesives, Coatings, Elastomers,

Sealants), Cleaning, Feed, Food & Nutrition, Pharmaceuticals, Polymers, Water Treatment and Personal Care.

The structural and strategic categorisation and consolidation of resources make distribution more efficient, more cost-effective and easier to monitor. Therefore, our strategic industry-focused Development Panels are of enormous benefit to our business partners who profit from our integrated European marketing strategy, our technical expertise and our multi-country presence on a European scale.

Brenntag is committed to meeting the requirements of REACH and all other relevant legislation, and we would like to do this in close cooperation with our customers and suppliers. Therefore, we have comprehensively trained our sales and sourcing teams on the technicalities of REACH. They are able to answer the most important of your questions and assist you as required.
